The PhD Program Cardiovascular Research cooperates with the Graduate School for Cellular and Biomedical Sciences of the University of Bern (GCB). PhD / MD-PhD students in this program benefit from an interdisciplinary education organized by national experts in the field. Students enrolled in the PhD program Cardiovascular Research gain 10 ECTS to graduate from the GCB and to fulfill the requirements of the PhD Program Cardiovascular Research. The certificate of the PhD Program Cardiovascular Research will be issued after graduation from the GCB and is valid only in combination with the graduation certificates of the GCB of the University of Bern.

### 2. Signatures

#### PhD or MD-PhD Student

With my signature, I agree on the exchange of personal data between GCB and the PhD program Cardiovascular Research.
